SUMMARY

CS Undergrad@PW IOI | Enthusiastic and detail-oriented Computer Science undergraduate with a growing passion for web development and artificial intelligence. Skilled in HTML, CSS, content management, and AI prompting, with a foundational knowledge of C programming. I enjoy designing clean and responsive web interfaces and exploring the use of AI to enhance user experiences and automate tasks. Continuously learning and improving through hands-on projects, I aim to contribute to real-world applications, collaborate with teams, and develop innovative, tech-driven solutions.

EDUCATION :

B.tech in Computer Science

Pw Institute of Innovation in collabrations
with Medhavi Skill University, Sikkim

SKILLS :

- UI/UX Development
- Social media management
- AI prompting
